ALABAMA FIRE COLLEGE AND PERSONNEL STANDARDS COMMISSION

NOTICE OF INTENDED ACTION

AGENCY NAME:	Alabama Fire College Personnel Standards and Education Commission
RULE NO. & TITLE:	360-X-7-.02 Certified Fire Apparatus Operator: Pumper
INTENDED ACTION:	Amend

SUBSTANCE OF PROPOSED ACTION:

The proposed amendment would expand eligibility for the Certified Fire Apparatus Operator: Pumper certification by recognizing Certified Fire Support Person as an additional prerequisite pathway. A candidate qualifying through this pathway would also be required to possess a valid driver's license, successfully complete the Emergency Vehicle Driver course, and satisfy all applicable training, examination, and certification requirements established by the Commission.

The amendment creates a purposeful and progressive training pathway for volunteer fire department members who may not wish to undertake the full rigor and time commitment of the Firefighter 160 program. This pathway allows volunteer members to advance through a structured sequence of training that may include Fire Support Person, Emergency Medical Responder, Emergency Vehicle Driver, and ultimately Fire Apparatus Operator: Pumper.

Together, these certifications provide a meaningful educational track that prepares volunteers to perform valuable operational and support functions within their departments. Providing a practical alternative to the full firefighter certification pathway will help departments improve volunteer recruitment and retention, increase member engagement, strengthen operational capacity, and enable trained volunteers to make productive and measurable contributions to the safety and well-being of their communities.

TIME, PLACE AND MANNER OF PRESENTING VIEWS:

Interested persons may present their views orally or in writing to the Director of the Alabama Fire College and Personnel Standards & Education Commission, 2501 Phoenix Drive, Tuscaloosa, Alabama 35405, at any time from July 31, 2026 through October 21, 2026.
