Advanced practice nurses holding multistate RN licenses issued by party states shall renew approval to practice between September 1 and December 31 of odd-numbered years. Failure to meet the requirements of Chapter 610-X-5 or Chapter 610-X-9, as applicable, shall result in lapse of the advanced practice approval. The advanced practice approval shall expire prior to the RN license if the advanced practice nurse's national certification expires during the license period.

(a) Alabama-licensed Certified Registered Nurse Practitioners (CRNP) and Certified Nurse Midwives (CNM) with prescriptive authority shall earn, as part of the required twenty-four (24) Board-approved or Board-recognized continuing education

contact hours for license renewal, six contact hours of pharmacology content specific to prescriptive practice in the approved area for collaborative practice. Graduate pharmacology academic credit earned during the nurse practitioner or nurse midwife educational program prior to initial approval as a CRNP or CNM does not qualify as pharmacology continuing education for renewal of approval as a CRNP or CNM.

(b) Alabama-licensed Certified Registered Nurse Anesthetists (CRNA) shall earn, as part of the required twenty-four (24) Board-approved or Board-recognized continuing education contact hours for license renewal, six contact hours of pharmacology. Graduate pharmacology academic credit earned during the nurse anesthetist educational program prior to initial approval as a CRNA does not qualify as pharmacology continuing education for renewal of approval as a CRNA.

(c) Alabama-licensed Clinical Nurse Specialists (CNSs) shall earn, as part of the required twenty-four (24) Board-approved or Board-recognized continuing education contact hours for license renewal, six contact hours of pharmacology. Graduate pharmacology academic credit earned during the clinical nurse specialist program prior to initial approval as a CNS does not qualify as pharmacology continuing education for renewal of approval as a CNS.

(d) If one year or less remains in the license period at the time of initial approval, continuing education contact hours specific to pharmacology are not required for the first advanced practice renewal.

(e) If the applicant for advanced practice approval holding an Alabama single state RN license is granted approval during the renewal period for single state licensed registered nurses, the approval will expire at the end of the next even-numbered year license period or the national certification period, whichever comes first.

(f) If the applicant for advanced practice approval holding a multistate registered nurse license is granted approval during the renewal period for multistate licensed registered nurses, the approval will expire at the end of the next odd-numbered year license period or the national certification period, whichever comes first.

(8) No later than June 30, 2020, Alabama-approved advanced practice nurses holding multistate licenses issued by party states other than Alabama shall notify the Board of their home state licensure status. Such nurses shall not be required to renew advanced practice approval in 2020; advanced practice approval must be renewed between September 1 and December 31 of every odd-numbered year thereafter.

(9) If an advanced practice nurse holding a multistate registered nurse license issued by a party state other than Alabama fails to maintain RN licensure in his or her home state, the advanced practice approval shall immediately lapse.

(10) Beginning January 1, 2020, and ending July 1, 2020, any eligible licensed practical nurse holding an Alabama single state license may elect to pay a one-time fee to convert the single state license to a multistate license. Following conversion, the multistate license shall be subject to all conditions of multistate licensure. Conversion from single state to multistate licensure shall not occur after July 1, 2020.

(11) A licensed nurse may apply to convert his or her single state license to a multistate license during the single state license renewal period; however, the conversion application is not complete until all elements of the application are received by the Board, including, but not limited to, the criminal history record information report and required continuing education. If the application for conversion to a multistate license filed during the single state license renewal period is not complete prior to the end of the single state license renewal period, but the nurse's application otherwise satisfies all requirements for renewal of the nurse's single state license, the single state license may be renewed, at the discretion of the Board, pending completion of the conversion process.

610-X-4-.16 Special Circumstances.

(1) In the event the Governor proclaims a state of emergency impacting any part of Alabama, Code of Ala. 1975 Section 34-21-6 applies for the first thirty (30) days. An individual licensed to practice as a registered nurse or licensed practical nurse in another state may provide emergency assistance in Alabama for up to thirty (30) days subject to verification of licensure in the state where licensed, provided that the nurse has successfully passed the board selected nurse licensure examination required for licensure in Alabama. Any organization or individual who provides employment or volunteer opportunities for the licensed nurse providing nursing services is responsible to ensure the validity of the nursing license.

(2) Should an emergency continue past thirty days, a temporary permit to practice as a registered nurse or licensed practical nurse in Alabama for ninety (90) days is required. An application for an emergency temporary permit to practice as a registered nurse or licensed practical nurse is required to be submitted to the Board electronically. Applicants for temporary permits are required to demonstrate that they have successfully completed the board selected nurse licensure examination required for licensure in Alabama.

(3) In the event of a state or nationally declared emergency in a jurisdiction outside Alabama, any individual licensed in the

jurisdiction where the emergency occurred may apply electronically for a Disaster Temporary Permit to practice as a registered nurse or licensed practical nurse in Alabama in the manner prescribed by the Board. The Disaster Temporary Permit shall be valid for not more than ninety (90) days. Applicants for disaster temporary permits are required to demonstrate that they have successfully completed the board selected nurse licensure examination required for licensure in Alabama.

(4) Any individual licensed to practice as a registered nurse or licensed practical nurse in another state is required to have an Alabama license if educational or consultative services extend beyond 30 calendar days in one year, unless the individual holds a valid multistate license issued by a party state other than Alabama.

(a) Providing nursing care at a camp in Alabama for longer than seven (7) days within a calendar year requires a license to practice nursing in Alabama.

(b) Providing nursing care to and accompanying students from another state to Alabama for longer than seven (7) days within a calendar year requires a license to practice nursing in Alabama, unless the individual holds a valid multistate license issued by a party state other than Alabama.

(c) Providing preparational services for an out of state organ transplant team is considered consultative services for the purposes of this rule.

(d) Gratuitous Vaccine Administration with a Retired, Inactive, or Lapsed License

Any individual holding an Alabama nursing license in a "retired," "inactive" or "lapsed" status may administer vaccines in Alabama without compensation during a declared state or national pandemic, provided that the license is otherwise in good standing, has not been revoked or voluntarily surrendered, and was not encumbered at the time the license became retired, inactive or lapsed. A nurse so qualified is authorized to administer vaccines necessitated by the public health emergency. A nurse so qualified may administer authorized vaccines via the following routes of administration: oral intranasal, and subcutaneous, intradermal, or intramuscular injections, pursuant to a valid order or prescription by a legally authorized prescriber. Gratuitous vaccine administration is restricted to practice without compensation and does not include any other practice or nursing for compensation.

2. Any entity that seeks to utilize the gratuitous vaccine administration services authorized in this

section shall first verify licensure status of the nurse in every jurisdiction where the nurse holds or has held a registered nurse or where the nurse holds or has held a registered nurse or licensed practical or vocational nurse license. The nurse:

(i) Must not have had a nursing license revoked or voluntarily surrendered in any state, territory, or country.

(ii) Must not have had a suspended, probated, or otherwise encumbered license immediately prior to the time the license became lapsed, inactive, or retired.

(5) Telephonic or electronic services used to communicate with patients and provide direction regarding nursing and medical care require an active license to practice nursing in Alabama, or a valid multistate RN or LPN license issued by a party state other than Alabama, or a valid multistate RN or LPN license issued by a party state other than Alabama.

(6) A licensed nurse who retires or ceases nursing practice for any reason and has no intention to practice in the future may apply to the Board for an inactive license with a "retired" status.

(a) The license will remain inactive unless the licensee reactivates the license.

(b) Continuing education is not required to maintain an inactive license.

(c) In order to reactivate an inactive license, the applicant shall submit an electronic application, pay the required fees, and submit 24 contact hours of continuing education earned within two years of the date of the application.

(d) A nurse currently participating in the Voluntary Disciplinary Alternative Program or holding licenses currently encumbered pursuant to discipline by the Board shall not be eligible to inactivate or retire the license.
