TABLE OF CONTENTS

780-X-9-.01 Classification Of Real Estate Appraisers

780-X-9-.01 Classification Of Real Estate Appraisers.

(1) Alabama law recognizes five classes of real estate appraisers:

- (a) Trainee Real Property Appraiser,
- (b) State Registered Real Property Appraiser,
- (c) Licensed Real Property Appraiser,
- (d) Certified Residential Real Property Appraiser,
- (e) Certified General Real Property Appraiser.

(2) The Board is mandated by statute to promulgate rules and regulations which conform in all respects to the requirements of the Financial Institutions Reform, Recovery and Enforcement Act of 1989, Pub. L. 101-73. See Code of Ala. 1975, §§34-27A-5(b)(12)(13) and 34-27A-29. Consistent therewith, and pursuant to the authority granted the Board by the Alabama legislature, the classes of state licensed real property appraisers are defined as follows:

(a) Introductory Statement. All 1 to 4-unit transactions less than \$1,000,000 are assumed to be non-complex. If a property, its form of ownership, or market conditions are atypical, the regulated institution requesting the appraisal analysis will make the determination as to whether it is a complex or non-complex transaction. Alabama requires compliance with the Uniform Standards of Professional Appraisal Practice by all persons who perform real estate appraisals in the State of Alabama. There is no differentiation as to the scope of appraisal activity on federally related and non-federally related transactions. The appraiser must at all times comply with the Ethics Provision and Competency Provision of the Uniform Standards of Professional Appraisal Practice.

The definition of a federally related transaction both in the Alabama law and FIRREA is "any real estate-related financial transaction which (a) a federal financial institutions

regulatory agency or the Resolution Trust Corporation engages in contracts for, or regulates; and (b) requires the services of an appraiser." Non-federally related properties are those properties which are the subject of appraisals for non-federally related transactions.

(b) Trainee Real Property Appraiser. The scope of practice for the Appraiser Trainee is the appraisal of those properties which the supervisor is permitted to appraise. A Trainee may not accept assignments from clients which are directed to the Trainee. Assignments may only be accepted from the Mentor. Solicitation of assignments may be made by Trainees as long as the assignment or engagement letter from the client engages the services of the certified appraiser.

To use experience obtained from a traditional Trainee/supervisor method for licensure, the appraisal must be included in the Trainee's assignment log, and the appraisal report must be signed by the Mentor and if the report is not signed by the Trainee, the report must comply with Standard 2 of USPAP in reporting the Trainee appraiser's contribution to the appraisal process.

The Trainee must work under the direct supervision of the Mentor. The relationship between the Trainee and the Mentor and the responsibilities of the Trainee and the Mentor are as follows:
