795-7-10-.03 Operating Continuity And Leave Of Absence.

(1) It shall be the policy of the SLA to require vendors to provide service to their clientele at all facilities on prevailing work days where the facility is housed.

(2) Hours of operation will be established based on grantor requirements, the operating agreement and/or permit, and the vendor's standards of performance.

(3) Vendors may take vacation time in reasonable amounts that conform to accepted business practices. Vendors planning to take vacation time should select a substitute, preferably a qualified blind person, to assume responsibility for facility operations. While the SLA will assist by suggesting any available or known candidate for selection as a substitute, the responsibility for continuing facility operations is the vendors. The BEP representative must be notified in advance of the vacation period selected. Leave, or short-term absence, should be used with discretion by the vendor and communicated to his/her BEP representative. Advance notice of any absence from a vendor's facility should be communicated to the BEP representative.

(4) While it is recognized that vendor absence due to illness, medical care, maternity leave or other reason(s) may be unavoidable, it remains his/her sole responsibility to provide facility coverage during such periods. Absence due to extended illness shall be supported by proper medical documentation from the vendor's treating physician to include estimates of time required for adequate rehabilitation. Each vendor's case will be reviewed on an individualized basis protecting the interest of the vendor and the SLA's responsibility for BEP.

(5) It shall be the responsibility of the vendor to designate one or more of his/her employees to be in charge during any period when not on duty.

(6) In the event a vendor is unable to fulfill his/her responsibility for any reason, the SLA may assume the operation of the facility. If the circumstances warrant, the vendor may be temporarily removed subject to review and recommendation by the BEP representative and approved by the BEP director. In the event of a vendor's death, the SLA shall retain all rights to, responsibility for, and may assume operation of the facility.

including lottery tickets or services authorized by state law. Under no circumstances shall vendors sell any item that is prohibited by law, ordinance, or grantor instruction.

(3) Vendors shall use only signs and insignia provided or approved by the SLA. Only displays for merchandise that are necessary for the item being dispensed shall be permitted and such may not detract from the attractiveness of the facility.

(4) Vendors will promote maximum sanitation and cleanliness in the facility. Food and confections sold shall be only those which are suitably wrapped and/or packaged before delivery to the facility. Exceptions may be made to this rule in facility locations where food items of necessity must be prepared on premises and for which the SLA makes specific provision.

(5) Vendors may establish their own prices in accordance with any applicable terms of the grantor agreement or permit. The SLA shall negotiate permits so as to provide maximum pricing flexibility for each vendor. Where differences arise between the vendor and property officials or employees, the SLA shall intervene to assist in resolving such differences. When the vendor and property-managing officials are unable to resolve differences over pricing, the SLA may intervene to reconcile.

(6) Containers, utensils and accessories used in serving, dispensing, and consuming food and drink items shall be provided in the form of sanitary, properly wrapped, containers, and utensils. Said items are necessary operating expenses of the facility and shall conform to local ordinances, laws, and health department regulations.

(7) At the close of each calendar year, the vendor shall perform a complete inventory of all facility merchandise priced at wholesale costs. Said inventory shall be filed with the SLA no later than 30 days following the close of each calendar year.

(2) Vendors shall report immediately to the SLA and appropriate law enforcement personnel any incident of theft or defacement of equipment.
