Qualifying Experience - Licensed Real Property Appraiser.

As of the date the application is filed with the Board, a minimum of 1,000 hours appraisal experience or its PAREA equivalent obtained while licensed as a Trainee Real Property Appraiser is necessary for approval of a Licensed Real Property Appraiser license. Experience obtained in a traditional appraiser/supervisor method shall be recorded on the log contained in the application. The log must contain all appraisals the applicant has signed or is entitled to claim for experience credit, beginning with the most recent appraisals (up to and including the date the application is filed with the Board) and going back, up to 5 years, until the required number of experience hours is documented. Evaluation assignment reports shall not be included on the log of appraisal report assignments. Applicants may claim the full experience credit allowed for an appraisal, regardless of the number of signing appraisers. In evaluating experience offered as qualifying experience under ~~Code of Ala. 1975, §34-27A-11~~, the Board will look for the following minimum experience:

(a) Residential and Non-Residential Appraisals Counted.

Appraisals of both residential and non-residential properties can be included in the experience hours necessary for the State Licensed Real Property Classification.

Experience for a dwelling (residential appraisal) will be awarded ~~only if there is an interior and exterior~~ even if there is no inspection. Only appraisals that meet the minimum appraisal requirements of USPAP will be considered for experience credit. This paragraph does not apply to experience obtained through an AQB approved PAREA Program.

(b) Experience credit claimed by an applicant for any AQB approved PAREA Program will only be recognized if the applicant is licensed by the Alabama Real Estate Appraisers Board prior to beginning the training. No credit will be allowed for partial completion of a PAREA Program.

(c) Six Months Experience. A minimum of six calendar months experience shall be required for this classification. The quantitative experience requirements must be satisfied by time spent on the appraisal process. The appraisal process consists of: analyzing factors that affect value; defining the problem; gathering and analyzing data; applying the appropriate analysis and methodology; and arriving at an opinion and correctly reporting the opinion in compliance with USPAP. Experience credit will be given for appraisals completed within the last five years. This paragraph does not apply to experience obtained through an AQB approved PAREA Program.

~~(e)~~ (d) USPAP Compliance. Appraisals must comply with USPAP for hours to be awarded for experience credit. The Board

will select a representative sample of appraisals from the logs submitted by the applicant. The applicant will submit the selected sample for the Board to examine for compliance with USPAP. If the sample complies with USPAP the Board will consider that all of the experience submitted by applicant complies with USPAP. A determination by the Board that the sample does not comply with USPAP shall be presumptive that all of the appraisals submitted for experience credit do not comply with USPAP. The applicant then has the burden and shall have the opportunity to demonstrate that the experience claimed is USPAP compliant at a reconsideration hearing held pursuant to Rule 780-X-3-.05. [This paragraph does not apply to experience obtained through an AQB approved PAREA Program.](#)
